About Home Sweet Home

The first in a series of terrifying first-person stealth horror games, *Home Sweet Home* throws players into a dark and twisted labyrinth, where a miasma of fear fills the air, dread bleeds through cracks in the ceiling and seeps down through broken floorboards, and anxiety grows stronger with every step.

After a long night filled with mourning and sorrow over the recent disappearance of his wife, Tim awakens to find himself in a strange, dilapidated building instead of the comfort of his own home. Confused, he must avoid deadly spirits, solve perplexing puzzles, and unveil sinister secrets while desperately searching for his wife and a way out.

There is a dark secret casting a shadow over this domain...and without question, it's no longer the happy home that it once was.
